It is the users responsibility to fully understand the age of records and jurisdictions contained within any "Multi-State" resource as not all jurisdictions report into the "Multi-State" database. Furthermore, "Multi-State" searches should only be used as a cursory means to supplement your "local" searches on a broader scale. The information contained in this section of the report is public record information compiled by a proprietary source. TruDiligence, LLC does not maintain the repositories from which any information in this report was extracted, therefore it cannot guarantee the accuracy of the information contained within this report. TruDiligence, LLC further obtains the information "AS IS" and does not warrant the accuracy of searches performed through any "Multi-State" database. TruDiligence requires that all hits in a "Multi-State" database be confirmed by a direct, county level courthouse search of source data to maintain strict FCRA compliance. These county level searches are added automatically and billed at published rates.
